PROFESSIONAL SUMMARY

First-year B.Tech Computer Science Engineering student at Lovely Professional University with hands-on experience in cybersecurity, Python development, and network security. ICSS Campus Ambassador actively representing Indian Cyber Security Solutions at LPU. Competed in multiple CTF competitions achieving top-10 finishes, placed top-25 in WEBATHON-2.0 among 300+ teams, and ranked #6 globally in a LeetCode weekly contest. Builds practical security tools and pursues continuous learning through platforms like TryHackMe (Top 10%) and competitive programming.

EDUCATION

Bachelor of Technology – Computer Science Engineering

2025 – 2029

Lovely Professional University, Punjab, India

- Focus areas: Cybersecurity, Software Development, Data Structures & Algorithms
- Active participant in university hackathons, CTF competitions, and technical clubs

EXPERIENCE & ACHIEVEMENTS

Campus Ambassador – Indian Cyber Security Solutions (ICSS)

Mar 2026 – Present

Representing ICSS at Lovely Professional University; recruiting and onboarding students to the National Campus Ambassador Program and coordinating cybersecurity awareness initiatives.

Security Tools Development

2025 – Present

Designed and built multiple cybersecurity tools including network scanners and vulnerability assessment applications as part of personal research under RAVEN'34 group.

Top-25 – WEBATHON-2.0 (300+ Teams)

2026

Secured top-25 position in a university-level web development hackathon competing against 300+ teams.

Top-10 – CTF Competition by Thunder Cipher

2025

Achieved top-10 position in an inter-university Capture The Flag competition organised by Thunder Cipher, demonstrating skills in forensics, web exploitation, and cryptography.

Rank #6 – LeetCode Weekly Contest (Virtual)

2025

Achieved rank #6 globally in a LeetCode weekly virtual contest; current global rank ~1,954,335.

Organised TechXpo Hackathon

2025

Co-organised university-level hackathon TechXpo, managing event logistics and participant coordination.

Technical Volunteer – CSIR State Level Weather Clock Display

2024

Selected as technical volunteer for a CSIR state-level project focused on weather clock display systems.

PROJECTS

Airline Reservation System

Python · PyQt · Tkinter · SQLite

- Desktop application providing airline ticket booking with seat management, passenger registration, and booking history.
- Built with PyQt/Tkinter GUI and SQLite backend for persistent data storage.
- Source: github.com/m4verick0304/airline_reservation_system

WA Automation Tool

Python · Selenium · Automation

- WhatsApp automation tool capable of automated and scheduled message sending using Selenium WebDriver.
- Demonstrates browser automation, web scraping patterns, and Python scripting for productivity.
- Source: github.com/m4verick0304/WASpammer

Code Snippet Manager

Python · Tkinter · SQLite (In Development)

- Desktop application for organising, searching, and syntax-highlighting code snippets.
- Applying MVC architecture with a local SQLite database for snippet persistence.

RAVEN'34 Group Website

HTML · CSS · JavaScript

- Full single-file portfolio site with matrix rain canvas animation, scroll-triggered counters, and admin panel.
- Features localStorage-based password-gated admin panel and dynamic team roster management.

TECHNICAL SKILLS

Languages	Python, C, JavaScript, Bash
Web	HTML, CSS, Responsive Design
Databases	SQL, SQLite
Security	Network Security, Penetration Testing, OSINT, Wireshark, Nmap, Netcat, Burp Suite
Tools	Git, GitHub, Docker, Selenium, VS Code, Kali Linux
GUI / Libs	Tkinter, PyQt, FastAPI
Concepts	Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

CERTIFICATIONS

Introduction to Cyber Security	2026
<i>Infosys</i>	
Ethical Hacker	2025
<i>Cisco</i>	
Android Bug Bounty	2025
<i>EC-Council</i>	
Certified Ethical Hacker (CEH)	Planned
